I'm a Third-Year Computer Science student with hands-on experience in backend development and programming. I've worked on several academic and personal projects that helped me build real-world skills in developing and maintaining backend systems. I enjoy solving problems, working with others and continuously improving my knowledge in tech. I'm hardworking, eager to learn and always ready to contribute to a team that values communication and collaboration.

## Skills

- Computer Skills
- Database Management
- Backend Software Development
- Time Management
- Team Collaboration
- Adaptability

## Interests

- Software Development
- Open Source Contribution
- Online Course and Certifications
- Bootcamp
